CRAFTER'S CHOICE BON BONS

e EASY

WHAT YOU'LL NEED

- 'Crafter's Choice' paper pad
- Template
- Pencil
- Scissors
- Double sided tape
- Ribbon
- 'Crafter's Choice' embellishments
- Hot glue gun and glue sticks

INSTRUCTIONS:

Step 1 – Create a template for your bon bon by either printing one from online or ruling up your own following the diagram below. Trace around template onto your chosen card designs with a pencil and cut out using scissors.

Step 2 – To assemble, use double sided tape along one of the long edges and roll the paper onto itself to create the tubular shape to your desired size. These bon bons are for gift giving so do not have a cracker snap in them. Place your gift inside the tube and tie the ends off with ribbon.

Step 3 – To finish, decorate the outside of your bon bon with belly wraps of contrasting paper, cut outs, glitter glue, washi tape or other crafters choice embellishments. Attach these using double sided tape or a hot glue gun.
