INSTRUCTIONS

Step 1 – Bake your favourite cake recipe and allow to cool.

Step 2 – Pick the Cake Face Kit pieces you want to use to create your monster. We used the large horns, pointy ears, large eyes and triangle pieces to create the teeth.

Step 3 – Frost your cake and pieces as desired, we created a furry effect by using a Grass/Hair Nozzle tip when decorating the outside of the cake.

Step 4 – Then to finish place the pieces strategically on the cake to create your Monster Cake Face!

Step 5 – When done, wash and store pieces for next use.

Tip – You can mix and match all the pieces to create endless cake faces.
