## CHRISTMAS METALLICS DECORATIONS

**e** EASY

### GATHERED CHRISTMAS TREE ORNAMENT WHAT YOU'LL NEED

- Fabric (10cm by entire width of fabric per tree)
- Dowel Stick (Arbee)
- Ribbon (15cm Per tree)
- GLITTER POMPOMS!
- Needle and thread
- Hot glue and sticks

### INSTRUCTIONS

**Step 1** - If you haven't already; cut your 10cm strip off the main fabric, or a bunch if you're making more than one.

**Step 2** - Fold the strip in half along the length with the right sides out.

**Step 3** - With a needle and thread, sew a running stitch along the raw edge.

**Step 4** - Gently gather the strip by at least half and secure the thread at the other end.

**Step 5** - Hot glue a 10cm ribbon loop to the top of the dowel.

**Step 6** - Glue a small piece of ribbon around the bottom of the dowel.

**Step 7** - Starting at the bottom, glue the gathering to the stick in a decreasing zig-zag pattern to mimic the classic tree shape with the folded edge down and the raw edge up and being covered by the next layer.

**Step 8** - Tuck and glue both ends to neaten.

**Step 9** - Decorate with glitter pompoms.

## HOBBY FILL ORNAMENTS WHAT YOU'LL NEED

- Fabric
- Ribbon
- Pompoms
- Toy fill stuffing
- Decorative Buttons
- Hot glue gun and sticks
- Needle and thread
- Optional sewing machine

### INSTRUCTIONS

**Step 1** - Draw or search and print some basic Christmas shapes

**Step 2** - Trace onto fabric and cut two of each shape including a 6mm (1/4") seam allowance, mirrored.

**Step 3** - Either machine stitch or hand backstitch around the entire shape.

**Step 4** - Glue and (safely) smear hot glue in a line on the back of the shape, wait for it to cool completely and cut a slash in the centre of the glue line (this will stop the fabric fraying)

**Step 5** - Clip any excess fabric from corners, into angles and curves.

**Step 6** - Turn inside out and stuff with toy fill.

**Step 7** - With needle and thread, hand sew the slash shut and glue a strengthening piece of ribbon over the top.

**Step 8** - Glue another piece of ribbon to the top at the back as a hanger.

**Step 9** - Decorate with more ribbon, pompoms and buttons.

## YOYO LOLLIPOP ORNAMENTS

### WHAT YOU'LL NEED

- Fabric (20cm<sup>2</sup> per lollipop)
- Dowel Sticks (Arbee)
- Buttons, 1 per lollipop
- Ribbon, 60cm per lollipop
- Hot glue gun and sticks
- Needle and thread

### INSTRUCTIONS

**Step 1** - Glue ribbon to the top of the stick at a 45° downward angle, twist down the stick and glue to secure the bottom. Snip off the excess ribbon.

**Step 2** - Glue a 10cm loop of ribbon to the stick to be the hanger.

**Step 3** - Glue small pieces of ribbon around the top and bottom to neaten.

**Step 4** - Trace a round shape like a bread plate onto the wrong side of the fabric. Whatever size trace, the finished size will be approximately half the size.

**Step 5** - With the wrong side facing you, sew a running stitch around the outside of the circle.

**Step 6** - Once all the way around and back where you started, gently pull the running stitch tight and flatten into a smaller disc, re-arranging fabric to be even and flat.

**Step 7** - Sew some strengthening stitches to hold it together, sew some small securing stitches and cut the thread.

**Step 8** - Glue the yoyo to the stick so the edge just covers the top of the stick.

**Step 9** - Glue a button over the centre.

**Step 10** - Tie a small bow with any left-over ribbon and glue about a finger width below the bottom edge of the yoyo.

**Step 11** - Hang and admire
