## DIY STREAMER BACKDROP

**e** EASY

### WHAT YOU'LL NEED

- Coloured streamers
- Tape
- String or twine
- Scissors
- Honeycomb decorations
- Balloons
- Double Sided tape

### INSTRUCTIONS

**Step 1** - Cut a piece of string the length of where you want the backdrop to cover and attach to wall with tape. Then cut lengths of different coloured streamers and double the streamer lengths over the piece of string.

**Step 2** - Repeat step 1. Layer the second string over the top of the first and stick to the wall to create more layers of streamers.

**Step 3** - Add honeycomb decorations and tassels to the wall, again use tape to stick in place.

**Step 4** - To finish add balloons and honeycomb decorations on top to cover the start of the streamers.
