FAIRY VILLAGE TRAY

e EASY

WHAT YOU'LL NEED

- Wooden glass tray, medium
- Clear packing tape
- Scissors (to cut tape)
- Deco sand, ivory
- 1 packet of moss in a bag, green
- 1 packet of moss in a bag, brown
- Deco stones, grey
- A variety of fairy village miniatures.
Choose your favourites!

INSTRUCTIONS

Step 1 – Seal the handle holes at the side of the wooden tray with clear packing tape. This will ensure that no materials will fall through.

Step 2 – Layer the sand, moss, and stones – filling the entire space.

PRO TIP – Be careful! It is best to use the sand at the bottom, as it would fall through the other layers if on top – unless you're only using different colour sand for the layers.

Step 3 – Once the box is filled with your chosen layers, decorate the top using leftover supplies. To make the scene interesting, section off patches of moss, sand and disperse the stones all over!
