FELT SLIPPERS & BOUQUET

e EASY

WHAT YOU'LL NEED

SLIPPERS:

- Arbee Plain 3mm Felt (approx. 25cm)
- Arbee Pink Metallic Felt 60cm (approx. 25cm Share this across both projects)
- Needle and Thread
- E6000 Glue

BOUQUET:

- Arbee Plain 90cm Felt in assortment of colours (approx. 25cm each)
- Arbee Pink Metallic Felt 60cm (approx. 25cm)
- Ribtex Vivaldi Floral 18 Gauge Wire Stem Green
- Vivaldi Natural Wrapped Floral Wire Brown 3 mm
- Hot Glue Gun with hot glue stick

INSTRUCTIONS

METALLIC FELT SLIPPERS:

Step 1- Gather materials: You will need felt fabric, scissors, a needle, thread, and print out our slipper pattern.

Step 2- Cut out the slipper pattern: Trace the slipper pattern onto the felt fabric and cut out two pieces for each slipper. Including inner sole, outer sole and toe covers.

Step 3- Sew the slippers: Place the toe cover and the inner sole of felt together, hand stitch around the outside edges.

Step 4- Finish: Glue on the outer sole to cover the stitching on the bottom, using E6000 Glue and leave to dry. Glue on any embellishments.

Tip: If desired, add any embellishments you like such as rhinestones or beads, felt flower embellishments are also available on the template.

Enjoy your new slippers!

FELT BOUQUET:

Step 1- Gather materials: You will need felt fabric in various colors, scissors, a hot glue gun, and a bouquet stem (Floristry wire works great).

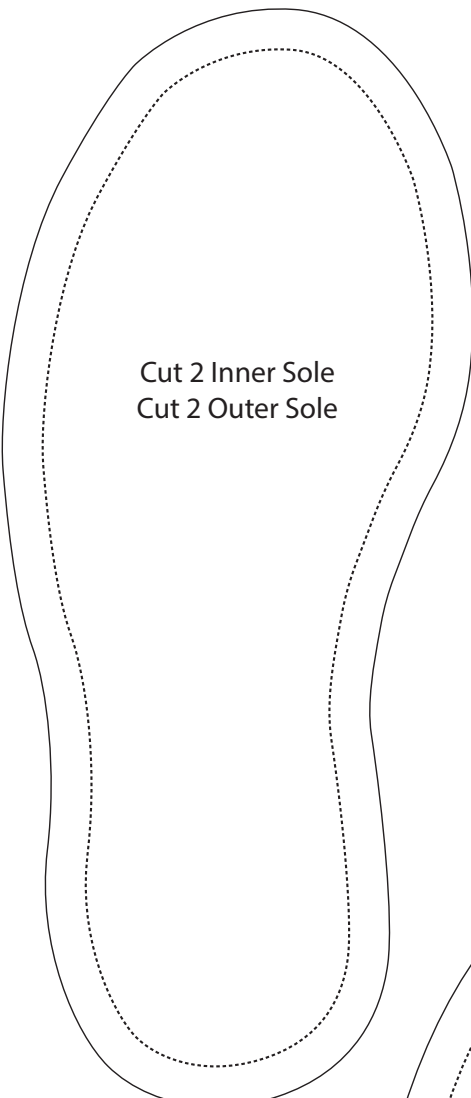

Step 2- Cut out the felt flowers: Use the scissors to cut out different shapes and sizes of felt flowers. You can use a flower template or create your own design.

Step 3- Create the flower petals: Use the hot glue gun to attach the flowers together. Add any felt leaves onto the underside of the flower and along the stem.

Step 4- Assemble the bouquet: Arrange the felt flowers in a bouquet shape and use the hot glue gun to attach the flowers to the bouquet stem. Trim any excess length off the end of the bouquet stem.

Step 5- Finish: Wrap the stem with the natural wire wrap or wind ribbon or hessian around the stem to keep the flowers together.

Once the glue is dry, your bouquet is ready. You can put it in a vase or use the stem to tie it to a gift. Enjoy your felt flower bouquet!
