WHAT YOU'LL NEED

- A variety of autumn floral stems.
- Brown paper.
- Scissors.
- Hot glue gun & glue sticks.
- Wire pliers or cutters.
- Long grass pieces.
- Galvanised tin bucket.

INSTRUCTIONS

Step 1. Cut the pieces of brown paper into 3x 20mm by 20mm squares. These will make up the 3x cones for your arrangements.

Step 2. Twist each brown square piece of paper into a loose cone and secure the joining the end corners using the hot glue gun.

Step 3. Mix and match your favourite Autumn stems into three little bunches. You will need to use wire cutters, or sharp scissors, to trim the stems to the appropriate length.

Step 4. Once you have the bunches laid out, it's time to stuff your brown paper cones! Cover the bottom of each stem using the hot glue gun and place in the cone. Keep filling each cone.

Step 5. When all three cones are filled, take a piece of grass and wrap it around the bottom part of the cone. Tie in a double knot in the front. Use the hot glue gun to secure the grass to the cone if necessary.

Step 6. Place all three arrangements in a tin bucket for that chic fall farmhouse look!
